Request Items in Discovery/WorldCat
*Note: Discovery can be used to request items through Interlibrary Loan (ILL). If an item is available both I-Share, request it through I-Share. Your requested item will be denied if it is available through I-Share.

On the library’s homepage, click on the “Discovery” tab.

Enter your search terms in the search box and click magnifying glass icon.

You can search by title, author or ISBN / ISSN.
Check the box next to “Libraries Worldwide.” Your search will automatically update.
If an item comes up and has this indicator next to it, then that item is already in the University’s catalog.
After finding an item that fits what you are looking for, click on the title to continue.
After clicking the title of the item, click on “Request Item through Interlibrary Loan.”
The book request form will be filled out for you. Click “Submit Request” at the bottom of the page.
What Happens After You Submit Your Request?

- You will receive an email to your AU Email when your book is ready to be picked up (this can take up to two weeks).
- Books from Discovery/WorldCat have due dates set by the lending library.
